Career Objective

Passionate and results-driven Computer Science & Engineering student (B. Tech, 2021–2025) with hands-on experience in full-stack development, cloud computing, and database systems. Eager to contribute to cutting-edge innovations in voice-driven communication technologies like Alexa. Seeking a dynamic Software Development Engineer role to apply my technical expertise and grow in a collaborative, impact-driven environment.

Education

B. Tech – Computer Science and Engineering
Sri Venkateswara College of Engineering, Kadapa (JNTU Anantapur)
CGPA: 7.68/10 | Batch: 2021 – 2025

Technical Skills

- Languages: Core Java , Python
- Web Technologies: HTML, CSS, JavaScript, Spring Framework
- Databases: SQL
- Tools & Platforms: Git, Postman, Eclipse, VS Code

Projects

ATM Simulation System | Java OOPs | 2025

Built a console-based ATM for login, balance inquiry, deposit, and withdrawal.

Applied OOP principles (Encapsulation, Inheritance, Polymorphism) for modular and maintainable code.

Hospital Management System | Spring Boot, PostgreSQL | 2025

Developed REST APIs for patient registration, appointment booking, doctor records, and billing.

Persisted data using Spring Data JPA for efficient database management.

To-Do List App | Spring Boot, Frontend | 2025

Designed REST endpoints for CRUD operations and secured tasks with authentication.

Integrated backend with frontend interface for complete functionality.

School Management System | Spring Boot, Spring Security | 2025

Implemented role-based access control for Admin, Teacher, and Student.

Managed relational data using Spring Boot and JPA for efficient CRUD operations

Certifications

- MERN Stack Development – ExcelR
- Microsoft Power BI / Business Intelligence – ExcelR
- Cloud Computing – NPTEL (IIT)

Workshops & Seminars

- MERN Stack Workshop – JNTUA College of Engineering, Pulivendula
- Data Science Workshop – S.V. University, Tirupati
- IoT Presentation – National Science Event, SVCET Kadapa
Presented IoT applications, real-world challenges, and future impact

Achievements & Leadership

- Organized and hosted Web Development workshops for juniors
- Participated in 24-hour Hackathons; developed working MVPs under pressure
- Led student event teams, handling logistics, budgeting, and coordination

Areas of Interest

- Full Stack Web Development
- Data Visualization and BI - Prompt Engineering

Soft Skills

- Leadership & Team Collaboration
- Effective Communication & Active Listening
- Fast Learner & Adaptable to New Tech
- Critical Thinking and Growth Mindset

Declaration

I hereby declare that the information provided above is true to the best of my knowledge and belief.
